This program is also the only solution designed for multi-user collaboration, so that editors, assistants, colorists, visual effects artists and sound engineers can work simultaneously on a single project.. Whether you are an individual artist or part of a large collaborative team, you can easily understand why DaVinci Resolve is the standard for post-production and finishing of more movies, TV shows and commercials Hollywood than any other software.. His aspiration is always to place the application as a developed constraint that rivals First Night, Avid and Last Cut.
